LANGUAGE ACQUISITION STUDIES LAB

LOOKING TO EARN A LITTLE EXTRA MONEY FOR YOUR CLASSROOM?

For the past 12 years, the University of Kansas Language Acquisition Studies Lab has been studying children with Language Impairments. Currently we are working with more than 70 families in more than 100 school attendance centers. We need your help in finding additional children for our study.

We will pay you **25 dollars** per child you feel may fit our criteria. Simply call us at our toll-free number: **1-877-385-0231** to obtain information needed to refer a child.

Our Criteria for Inclusion

All of our participants have:

- Normal non-verbal intelligence
- No final consonant deletion
- Normal hearing
- No traumatic brain injuries or history
- No diagnosis of autism

Younger children ages 3-7 have:

Expressive and/or Receptive language delays

Older children ages 7-9 have:

- History of language service
- Reading difficulties
